

# Aruba Instant On Access Points

The blazing-fast, secure, out-of-the-box networking solution

## WHY ACCESS POINTS

These easy-to-set-up and manage access points deliver strong coverage wherever and whatever you connect. With an affordable price and built-in security, it's Wi-Fi designed with small businesses in mind.

## RELIABLE WI-FI AND BETTER COVERAGE? NOW YOU'RE TAKING CARE OF BUSINESS

Enabling more connected devices and with faster speeds, Aruba's Instant On wireless access points offer options to meet any need at an attractive price. From the office, to the parking lot, and everywhere in between, you won't experience dropped calls when moving around. You can also expect the same reliable signal strength no matter what device you're using.

### Wi-Fi coverage that counts

- Increasing number of devices? No problem
- Built-in security manages users with ease to secure wireless networks from unauthorized access
- Separate guest and employee networks
- Indoor, outdoor, over there. Get access for wherever you roam

## FEATURES

### Smart Mesh? It's Wi-Fi pure genius

Mesh Wi-Fi allows you to connect and build out a network of access points without the need for added cabling. Easily set up in just minutes, a single network can support up to 25 access points. Say goodbye to dead zones and hello to getting in the zone.

### Manage and monitor your network on the go

Deploy and manage your network on the go from the mobile app or cloud-based web portal at no extra cost. Run your business remotely, add devices, and manage your site anywhere, anytime, and from any device.

### Latest wireless security you can count on

Simply use secure WPA3/ WPA2 or secure open Wi-Fi network access with OWE authentication on your Wi-Fi networks, and we do the rest. Or, in a single click, you can block application categories and unauthorized devices that could compromise your network.

### IT support to keep your business up and running

With a 2-year warranty, 24/7 phone support for 90 days, and chat and community support for the life of the product, Aruba's got you covered.

## MANAGE YOUR NETWORK ON THE GO

These easy-to-set-up and manage access points deliver strong coverage wherever and whatever you connect. With an affordable price and built-in security, it's Wi-Fi designed with small businesses in mind.
